SECRET BEHIND A GOOD CGPA

The coming Monday is going to bring a lot of startling realizations. You will notice that academics here are completely different from the pattern you are currently familiar with. You will have to take labs seriously and give them equal importance as the classes. All the lectures and labs initially might overwhelm you, but you just need to hold to two habits from the past - listening attentively in lectures and asking doubts. The professors might not seem as approachable as your teachers in the past but you can always catch them before and after the lectures or ask your doubts through their webmails and even set up appointments for doubt clearing. The professors genuinely appreciate such efforts by their students. Also, attending classes regularly and listening in the lectures will be of immense help in understanding the concepts and save a lot of time and hassle for you later. You will not be oblivious to all the topics before the exam and consequently not stressed up about the last minute preparation.

P.S. Most of you right now have high aspirations and hopes of getting a **department change** after the 1st year, but it requires a lot of effort and dedication from your side. You will have to prioritize academics over the whole 'college extravaganza' every day. But believe us people passionate about it have achieved this so you can too only if you give this the required push from your side.

ALUMNI MENTORSHIP

Alumni mentorship program is an initiative taken by BSW to connect determined and focused students to alumni who can help them take right career paths. They are one of the best mentors one can get as they are experienced and can guide you properly. It can prove really beneficial for your future by allowing you to make informed decisions and providing an edge over others,

ACADEMIC MENTORSHIP

Academic mentorship was started by BSW two years ago where certain students(acad mentors) take academic sessions in a particular hostel once every week for a certain course. Tutorial solutions and any doubts of the students can be cleared in these sessions. This is a golden opportunity for the students to get their concepts cleared. This will help in effective study and will improve their performance.

LANGUAGE MENTORSHIP

Our college uses english as the medium of instruction, but with a lot of students undergoing their schooling in regional languages this poses a difficult transition. Therefore to make this transition as smooth as possible BSW offers language mentorship for students in need. The program involves teaching basic English communication skills to freshmen, if they are uncomfortable with adujsting to the new environment.

OUR FULL TEAM THAT WILL GUIDE YOU THROUGHOUT THE YEAR :)

Hey Fresher!

Greetings of the occasion as today is the start of a whole new journey!!

First of all, congratulations on cracking the toughest exam in india and making it into the most prestigious college of India, IIT DELHI. I'm sure that it had been rough through past some years in your preparation, but now it's time to relax a bit, or as we say in IIT, chill!!

From now on, you are a free bird who can fly anywhere, at any speed, and as high as your dreams take you to. But, make sure to utilize this freedom efficiently and take your decisions wisely, as IIT Delhi offers you a plethora of learning & oppurtunities.

We at BSW try to help the student fraternity of IITD in all ways possible by conducting informative and fun workshops, counselling, mentoring and lot more. You'll be allotted a mentor, with whom you can talk about anything, related to academics, co-currics, life at IITD or just random chat! You can always talk to any of the BSW reps, and get your queries

In the end, I want to say that, explore IIT as it is now your new home for the next 4/5 years, learn, make lifelong friends and make IIT Delhi proud. So concluding, I would quote Mahatma Gandhi:

Live as you were to die tomorrow, Learn as if you were to live forever."

> Yogendra Singh General Secretary, BSW

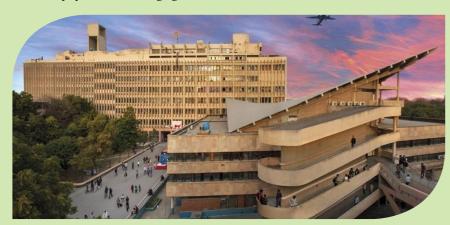

SMALL INTRO TO CAMPUS

- 1. **SCOOPS** It is a stationery shop which provides a range of items varying from stationery and decorations to IIT Delhi merchandise all at subsidized rates . It is in high demand during minors and majors .
- 2. **SAC(Student Activity Centre)** It is the centre for all students related activities like organization of fests(Rendezvous and Tryst), club related events etc. It has courts for games like badminton, squash etc. and rooms for dance, drama, music etc. In addition, it has a gym and a swimming pool.
- 3. **WINDT** Want to hangout with your friends after a tiresome day. So here is the place where you can spend an evening or a night enjoying the cool breeze that flows through this place the whole day.
- 4. **Central Library** Getting disturbed in the hostel during exam time, the Central Library of IIT Delhi is open for you 24X7 . It has an ocean of books ,magazines , novels , research papers etc. A photocopy shop is also available in the library .
- 5. **Food Counters** Bored with the mess food , the campus also has some food outlets like Rajdhani , Masala Mix . We also have shops of famous food enterprises like AMUL , NesCafe , hpmc etc. Want to enjoy some coffee and appetizers go to CCD or CHAAYOS which serves things at subsidized rates. Some juice corners are also available around the hostel area . Hungry during the lecture hours , get refilled with some snacks from the vending machines provided around LHC . We also have a staff canteen where students enjoy meals at negligible rates .

CG VS CV

As soon as you enter college, you notice people giving different opinions be it seniors or profs. Now, CG basically shows your academic performance over the course of your study , which is quite important and ensures a smooth path throughout your life. Whether you talk about higher studies or about placement in tech companies, CG always has the edge. On the other hand, CV includes participation in co-curricular activities happening in the college. One should always prioritize CG and take up their interests to have a good CV , only if they can manage both. There are various clubs at IIT Delhi ranging from cultural to technical grounds which will give you a family, new friends but at the end its you who would have to take the decision and walk alone through path called life.

DENGUE

With monsoon, our lush green campus also turns into a breeding ground for mosquitoes. This results in a large number of students falling prey to diseases like dengue every year. As always prevention is better than cure. Follow these simple steps to avoid getting infected:

- 1. Make sure that there is no stagnant water around you as this is a breeding ground for mosquitoes. This includes coolers. Use seeds available with caretaker in cooler to prevent breeding.
- **2.** Avoid bites by wearing full-sleeved clothes and using mosquito repellent creams at both day and night (Dengue mosquitoes are daybiting)
- **3.** Dengue symptoms include fever, headaches, vomiting and pain. Get a checkup at Insti Hospital if you show any.

GET TO KNOW YOUR ALUMNI

IIT DELHI'S BIGGEST DISCOVERY ARE ITS ALUMNI.

IIT DELHI'S ALUMNI — ENTREPRENEURS, RESEARCHERS, POLICYMAKERS, AND

ABOVE ALL, LEADERS — HAVE HELPED TO SHAPE THE WORLD WE KNOW TODAY.

MANY OF THE PRODUCTS AND SERVICES THAT DEFINE THE MODERN WORLD HAVE

SPRUNG FROM THE MINDS AND HANDS OF IIT DELHI'S BRILLIANT ALUMNI COMMUNITY.

HERE ARE SOME OF OUR FAMOUS ALUMNI.

RAGHURAM RAJAN

One of the best economist in the country. He was once the General Secreterary of SAC. He also received the Director's Gold Medal.

SACHIN AND BINNY BANSAL

The founders of flipkart were both from Chandigarh but they didn't know each other. They met here at IIT Delhi and after graduating made this 2.9 billion dollar company.

CHETAN BHAGAT

He's the best selling author in India , Bhagat's novels have sold over 8 million copies. His hostel was KUMAON. No doubt IIT Delhi has played an Important role in his life.

AMOL PARASHAR

Yes! Our alumni are every where!! The Indian actor and model fell in love with acting when he joined the dramatcis society at IIT.

So go on experience the aura of this place!
